

EMCON Pre-Transmit Checklist

Run this before you key up when your location matters

EMCON

1 Is my message written and as short as it can be?

☐

2 Am I running the lowest power that will reach my partner?

☐

3 Is HF NVIS a better choice than VHF for this distance?

☐

4 Is my antenna pointed at my partner and away from everyone else?

☐

5 Is there terrain between me and the direction I am worried about?

☐

6 Am I somewhere other than where I live or stage?

☐

7 Have I transmitted from here, or at this time, before?

☐
